

NORTH AMERICAN ELK BREEDERS ASSOCIATION MEMBERS

Current prices for elk slaughter are very strong. Our program is designed to provide you with a long-term outlet for your animals and hopefully higher prices as we proceed into the future. We will immediately purchase unlimited numbers of elk to slaughter and will have purchase contracts available for the next 12- to 24-month period. Please contact us with an inventory of any animals you want to have available for slaughter. Also include in this inventory any older bull elk or breeding female elk that would be available for purchase.

For some background information, I have owned and maintained a large herd of elk in Montana since 1995 to current date. I've been a long time board member of the Montana Alternative Livestock Producers Association. In addition, I was the Governor's appointee as the representative for MALP on the Montana Livestock Advisory Board.

Sincerely,

Chuck Taylor
