COMMANDER

Triple Purpose Bull:
• TROPHY • VELVET • MEAT •

2 Time International NAEBA Champion

2015 — Champion Mature Velvet Antler — 87.2 lbs

2015 — Champion 6 year old Non-Typical with a score of 521 2/8"

Commander — 2017 — Estimated 600" Unofficial

Commander — 2015 Velvet — 87.2 lbs Official

The only objective grading standard for velvet antler occurs after processing. Royal Elk Products — North America's largest velvet antler processor — processed Commander's velvet antler in the fall of 2015 and graded it **premium** grade velvet antler with a dry-down of 31.6%!! (34% or lower is premium — according to Lee Han, major buyer of North American velvet.)

Commander — 2017 — Huge Body Frame — 1360 lbs

Semen Available in Canada and the United States

Letters of Introduction

Dear NAEBA members,

How time flies when we are having fun. The snow melted (the very little we had in Colorado) and then calves were hitting the ground. Bulls were velveted or grown out and now it is almost time for the convention. I hope everyone had a good healthy calf crop and your bulls' antlers are better than you hoped for.

Our convention is August 2nd – 4th in Fargo, ND this year. Our staff has put together an outstanding agenda. The seminars should be beneficial and full of information. We are expecting a large crowd and I hope you all can make it. Our industry is so spread out it isn't very often we can all get together and catch up on things. Hopefully everyone can also make some new friends. There is an online registration form for the convention and a registration form for antler entries.

There will be updates on all of the issues the board and committees are working on. There are some government relations issues with a few states that the industry should keep an eye on. We also have a gun raffle fundraiser going on with five chances to win. This year's Elk Marketplace Sale is loaded with great animals and genetics. This auction was very well received last year and I hope to see it continue to grow. I hope to see you all there.

Andy Azcarraga, *President*
North American Elk Breeders Association

Welcome NAEBA Members,

The North Dakota Elk Growers would like to welcome you to North Dakota and the 28th Annual North American Elk Breeders Association Convention & International Antler Competition here in Fargo, home of the Champion NDSU Bison football team and the heart of the Red River Valley.

In western North Dakota we have the Medora Musical and Theodore Roosevelt National Park in the Badlands. In central North Dakota we have the Norsk Host Fest in Minot, the biggest celebration for Scandinavians in North America. The Peace Gardens are located in the North to show our friendship to our Canadian neighbors. Fishing and camping are great on Lake Sakakawea, Devils Lake and Lake Metigoshe.

If you get a chance, check out what North Dakota has to offer. I hope everyone has a great convention.

Emery Duben, *President*
North Dakota Elk Growers

2018 NAEBA Convention Seminar Descriptions

LUNCH KEY NOTE: Campaign to Eliminate Brucellosis Testing — *Travis Lowe, NAEBA Executive Director.* Legislative advocacy is probably the most important function of an elk association as it works to ensure your legal right to raise elk in a state or province. Right now, NAEBA and its allies are leading an aggressive campaign to eliminate Brucellosis testing for farmed cervids in the United States and Canada. NAEBA Executive Director Travis Lowe will conclude lunch with remarks highlighting the progress in each state while explaining how this will impact you.

SEMINAR: Elk Operation Business Forecasting — *Andy Azcarraga, Plateau Valley Elk Ranch and Ian Thorleifson, Hot Sun Elk Ranch.* We are here to make money, but how much time do you spend planning on how to make money in the elk business? One thing is certain about the elk industry, there are many different models, based on your markets, size and location. Over the last several months, a NAEBA-led task force has created several profit and loss templates for members to use and modify to project income, expenses and cash flow. Some operation models pay off quicker than others. This is a must see for any current or prospective elk owner!

SEMINAR: Processing Velvet Antler from Antler to Capsules — *Bill Knutson, Spring Coulee Freeze Drying.* We know that elk velvet antler can be harvested and used for health remedies such as arthritis and other muscle ailments. But how does it go from frozen velvet antler to being sold as capsules? Bill Knutson walks us through the exact process of how harvested velvet is processed and made into product. We will be able to see how much product that antler can produce and also see why quality harvesting matters!

SEMINAR: Understanding Meat Industry Products and Yields — *Scott Salonek, Elk Marketing Council.* The elk meat industry is growing to the point that it is hard for supply to meet the demand. The ever-growing health conscious public provides an opportunity for this market to explode. One of the industry's seasoned meat industry marketers offers important information when it comes to forecasting animals for meat inventory needs. For example, how much meat product is yielded from a three-year-old bull on average? Given that amount, how much trim, tenderloin, roasts and steaks can you expect? This is important information for someone that wants to fill meat orders on a regular basis for their clientele.

SEMINAR: Making Better Tax Decisions for Your Elk Ranch — *Ken Anderson, Anderson Elk Ranch.* Paying taxes is one of the only guarantees you have in this world. However, there are a lot of moving parts when it comes to owning a ranch. Are you making the right tax deductions and classifications? Do you operate your ranch under your name

or a separate business entity? Different answers can impact the amount you pay each year as well as your legal liability.

SEMINAR: Elk Reproduction — *Dr. Mike Bringans and Luke Wright.* This class discusses the management of factors that affect elk A.I. success rates. This includes cow selection, nutrition, synchronization and program management for best results. What can you do to improve your results? Remember, poor A.I. results are usually not the fault of the bull.

SEMINAR: Reviewing What is Scientifically Known About CWD Genotypes — *Don Davis, PhD.* Susceptibility in elk and deer is often linked to CWD genotypes. For elk, this includes the 132MM, 132LM, and 132LL. The Elk Research Council has teamed up with other associations to learn what is scientifically known about CWD resistant genetics in North American Elk and Whitetail Deer. A report has been compiled by four renowned researchers and epidemiologists that are considered experts on Chronic Wasting Disease. One of the researchers, Dr. Don Davis, will present the group's findings during this NAEBA seminar and answer questions.

SEMINAR: Getting Started in Elk Ranching — *Mark Luedtke, Luckyland Elk.* Have you recently made the decision to start an elk ranch? But what is the next step? Our convention will offer this seminar to give helpful tips to those moving forward in starting an elk ranch. From designing pasture layouts to purchasing animals, you will always save money if you do it right the first time. Plan to attend and bring your notepad!

SEMINAR: Harvesting Velvet from Yearling Bulls — *Perry Olson, NAEBA Velvet Antler Judge.* Though the elk industry harvests thousands of pounds of velvet a year, harvesting velvet antler from yearling bulls is less prevalent compared to bulls of older ages. Perry Olson shares insight on best practices for harvesting spiker velvet antler. Best time to harvest? Is it worth the time and effort? Come hear all!

SEMINAR: Advanced Hard Antler Scoring — *Tom Peryea, NAEBA Hard Antler Judge.* This seminar is designed to build on the basic hard antler scoring techniques for elk trophy bulls. Because of genetic evolution, it is common to see elk bulls with very unique antlers that are often bigger than elk in the wild. A seasoned NAEBA Hard Antler Judge will show examples of scoring bulls with drop tines, uncommon tine placement and antler sets that are outside the norm of your basic 6x6 or 7x7 bull. Whether you're new or experienced in scoring antler, this is a great way to build and/or brush up on your scoring skills. This class is also a prerequisite for anyone interested in becoming a NAEBA Hard Antler Judge.

2018 NAEBA Membership Meeting Agenda

FRIDAY, AUGUST 3, 2018

9 – 10 a.m. Central Time

1. Call Meeting to Order — *NAEBA President Andy Azcarraga*
2. Introduction of NAEBA Board of Directors — *Andy Azcarraga*
3. Introduction of NAEBA Staff — *Executive Director Travis Lowe*
4. Overview of Convention Schedule — *Travis Lowe*
5. Approve Minutes from 2017 Annual Meeting — *Secretary Ian Thorleifson*
6. Treasury Report — *Treasurer Rick Ewert*
7. Explanation of How NAEBA Policy is Derived — *Travis Lowe*
8. Overview of NAEBA Committees — *Travis Lowe*
9. Overview of Past Year's Activities — *Travis Lowe*
10. Ongoing Activities/Goals — *Travis Lowe*
11. NAEBA's Connected Organizations:
 - a. Elk Research Council (ERC)
 - b. American Elk Products Foundation (AEPF)
 - c. Canadian Elk Products Foundation (CEPF)
 - d. NAEBAPAC
12. NAEBA Board of Director Elections Report — *Vice President Kevin Hinkebein*
 - a. Motion to Accept Nominations Report
 - b. Announce Election Results
13. Announce Booth Exhibitors — *Andy Azcarraga*
14. Breakout for Regional Meetings — *Central, Northern, Northeast, North Central, Southern and Western*

FOR SALE

\$4,000,000 (cash)

Twin Creek Ranch
7863 CR 311 • Silt, CO 81652

Secluded Hunting Cabin

Pepi Langegger, one of NAEBA's founders and first directors, has retired from raising elk.

The ranch has:

- 425 acres (225 irrigated for hay production and 200 acres in secluded canyon for excellent hunting with a small cabin).
- 200 fenced acres, divided into 18 pastures, it has a building with handling facility, is fully licensed and accredited, no elk on premises.
- Three homes and numerous outbuildings.
- Excellent water rights. It has two oil and gas well sites on the property and includes some mineral rights. Monthly income from oil and gas royalties pay for range operating expenses.

If you want to expand or relocate and have the will and means to do so, contact Pepi by email at pepi@rof.net.

Whispering Winds Ranch Ltd.

— PRODUCTION AUCTION 2018 —

Magnum

How the Online Auction Works:

Register to bid at www.gwacountry.com. You can put your maximum bid in and the system will bid for you or you can login and increase your bid each time – this can get very exciting at the close of the sale as last minute bids are placed.

If you don't like to bid yourself online, you can call us 1-866-304-4664 and we would be happy to place your bid for you but these bids cannot be placed the last minute – cut off for us to place bids for you will be 1 hour prior to the close of the sale.

“ No matter how many times I've visited Whispering Winds Ranch, my head still turns when driving by their herd of big framed and balanced cows. Whispering Winds Ranch elk are a perfect example of how great genetics is potentiated when synchronized with proper management. ”

- Dr. Martin Wenkoff

HELP SUPPORT NAEBA'S 5 CHANCE RAFFLE!

Five Great Prizes

The North American Elk Breeders Association is offering a raffle this summer for members designed to interest your peers outside the association's membership.

NAEBA's 5 Chance Raffle offers five equal opportunities to win one of the following prizes:

- AR-15
- AR-15
- Ruger 10/22 Takedown Rifle
- Handcrafted knife with elk antler handle
- Cash prize of \$350

The drawing will be broadcast live on Facebook during the USAHA conference on **OCTOBER 22, 2018.**

The winner does not need to be present.

RAFFLE TICKET PRICES:

1/\$20 3/\$50 7/\$100

As you can see, this is an affordable way to have a great chance to bring home a prize and support the association!

Please contact NAEBA at 320-543-3665 or info@naelk.org today to request tickets be mailed to your home.

NAEBA will also distribute tickets during the NAEBA Convention in Fargo. This fundraiser has low overhead cost ensuring most of the proceeds go directly to NAEBA's bottom line!

NAEBA Photo Contest

**2018
BEST of SHOW**

Bring your elk pictures to the convention!

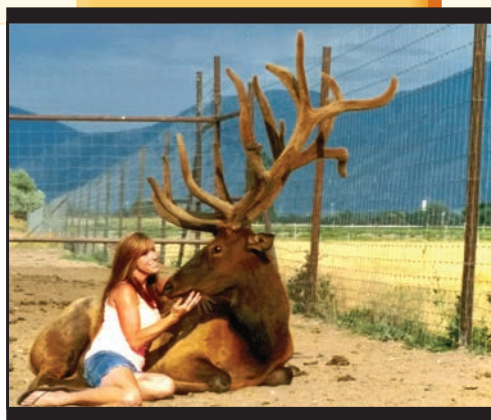

The North American Elk Breeders Association is once again sponsoring a photo contest during the annual convention! This annual contest has four categories with something for everyone! A plaque will be given to the picture chosen Best of Show. Certificates will be given to the top three in each category to be mailed after the convention.

PHOTO CONTEST CATEGORIES:

- | | |
|--------------------|-------------------|
| 1. Bull | 3. Humor & Action |
| 2. Cow and/or Calf | 4. Miscellaneous |

PHOTO CONTEST DETAILS:

- Enter your photos at the NAEBA Registration Desk as soon as you arrive. Photos will be displayed beginning at 8:00 am on Friday August 3rd. Contest ends at 3:45 pm on Saturday August 4th.
- Photos entered into the contest can be any size up to 8x10. Please bring picture(s) with you. The registration desk does not have a color copier to print a copy of your picture.
- Submitted photos may be used in future NAEBA publications. They will not be returned unless specifically requested.

NAEBA Meat Contest

Bring your elk meat snack products to the convention!

The annual elk meat contest is one of the most popular events at the convention! The North American Elk Breeders Association is once again hosting the elk meat contest on Saturday August 4th during the Saturday afternoon break.

A plaque will be awarded to the top winner in each category and also to the product deemed Best of Show!

MEAT CONTEST CATEGORIES:

- | | |
|---------------------|----------------|
| 1. Elk Snack Sticks | 3. Elk Sausage |
| 2. Elk Deli Meat | 4. Elk Jerky |

MEAT CONTEST DETAILS:

- All entries are asked to provide 1 1/2 — 2 lbs. of product to be used for taste test sampling by attendees during the Saturday afternoon break.
- Enter product for the competition at the NAEBA Registration Desk any time before 12 noon on Saturday, August 4th. This will allow time for staff and volunteers to prepare samples in time for the afternoon break.
- Participants are welcome to bring extra product to auction off at the Elk & Semen Auction later that evening, but only federally inspected meat will be able to go on the auction.

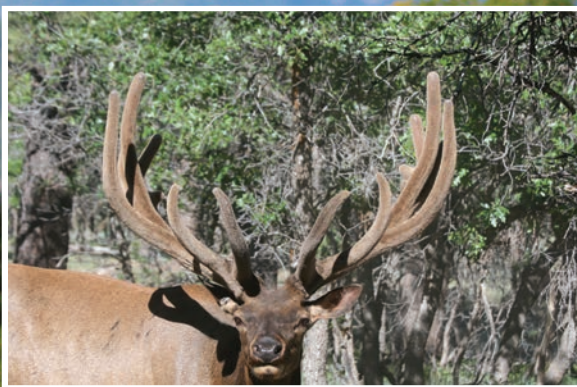

This year's Meat Contest is being sponsored by Quiet Harmony Ranch Ltd.

Rack Plus™ for Outstanding results

Outstanding performance is the hallmark of ADM's Deer and Elk Feeding Program.

The Rack Plus program incorporates the latest technical advances in cervid nutrition with ADM's time and field-proven formulation and feed technology techniques to deliver the right balance of protein, energy, vitamins, and minerals that enable deer and elk to reach their full genetic potential.

Deer & Elk 18-4 (81686AAA) and Deer & Elk 18-5 Breeder (81692AAA)

- Complete, pelleted feeds formulated specifically for deer and elk
- Provide multiple protein sources, stabilized rice bran, highly digestible energy and fiber sources, CitriStim®, and direct fed microbial
- Both products provide 18% protein and no more than 14% fiber; 18-4 provides 4% fat and 18-5 provides 5% fat
- **18-5 Breeder:** Formulated specifically for the breeding herd; also provides natural-source vitamin E, B-complex vitamins, selenium yeast, and Antler D™*

CitriStim®, an ADM proprietary feed ingredient, is a proven, truly unique whole-cell yeast product beneficial for all animals at all life stages. CitriStim may help the animal fortify its defense against health challenges. CitriStim *Pichia guilliermondii* yeast adheres to pathogens and helps modulate body defense mechanisms. The overall result is potential production benefits and an animal that does not as easily succumb to health challenges.

*Antler D is a trademark of Head Gear LLC.

Get the benefits of Thermal Care™!

Ask us how to add it to your ADM feed today.

Elk Research Council's 2018 "Semen Variety Block Raffle" Fundraiser To Support Research for CWD Resistance!

*Raffle Tickets Are Available Now
at the 2018 NAEBA Convention for Prizes Valued at \$5,900!*

A block of semen has been compiled with some of the industry's most popular bulls due to generous donations from NAEBA members. All bulls in this block are LL or LM genotypes!

Raffle tickets may be purchased by calling the NAEBA/ERC Office between June 1 – July 27 and at the convention site from Thursday, August 2 – Saturday, August 4.

The drawing will take place approximately 9pm after the NAEBA Elk Sale (8/4).

One winner will be drawn. The winner does not need to be present to win. Everyone who purchases a raffle ticket will be listed as a *Supporter* in the ERC 2018 Annual Report.

Some of the straws are available in both United States and Canada while others are just in the United States. Because of the shortage of known LL and LM genotypes A.I. sires in Canada, there is not a broad range of bulls for two separate blocks.

Raffle ticket prices: 1 for \$50 and 3 for \$100

This block of semen features 26 straws of known LL and LM genotype A.I. sires! Based on private sale prices (not benefit auction prices), this block is valued at \$5,900!

Straws	Bull	Genotype	Donor

••• Chief

58 lbs of Perfect Velvet Antler
(2016 NAEBA official)

2016 High Scores for Balance and
Calcification with 58 lbs of velvet
(balance and calcification are the most
important characteristics for velvet quality)

Velvet prices are probably the highest
in 15 years

Let your bulls make you some money

**SEMEN AVAILABLE in CANADA
and the UNITED STATES**

••• Luxor

LUXOR is a 4 year old Levi son on-track to hit the 600" club. He unofficially scored 490" green @ 3yrs – very similar to his half-brother **AVENGER** (608" unofficial) at the same age – with a spread of 54" at the tips! Definitely a home run!

His mother is a Python x Sultan – so we have lots of velvet potential and Levi is adding the hard horn inches. **LEVI**, **PYTHON** and **SULTAN** are all in the pedigree and have all been champions so it is not surprising that **LUXOR** is also on the championship track.

This is the first semen to be offered from Luxor. Exportable semen will be available this fall. Semen storage and shipping at buyer's expense.

GROW LARGER ANTLEERS AND SUPPORT SKELETAL GROWTH

Combining Shock Effect Antler Maximizer and Sea-Cal Calcium Supplement Unlocks Your Antler Growth Potential.

We all know that Shock Effect Antler Maximizer grows big antlers. While growing big antlers is important, growing a big enough skeletal frame to support that growth is essential. When used together, Sea-Cal supplies the necessary calcium and minerals to grow a strong skeletal frame and to supply adequate nutrition to support antler growth without robbing your deer's natural reserves.

Shock Effect Antler Maximizer uses the latest microencapsulating process combined with the highest grade of beneficial bacteria, amino acids, enzymes, vitamins and minerals at the correct levels to significantly increase feed consumption, conversion, and nutrient absorption. It raises the absorption rate of nutrients up to 30% by allowing the beneficial bacteria to re-colonize in all chambers of the stomach and the intestines.

Sea-Cal Calcium is an all natural product. In order to have the highest quality calcium and chelated mineral supplement, you must ensure absorption. Sea-Cal is made from a combination of the best absorbable calcium and chelated mineral sources available. Because of the high absorption rate, the recommended dosage is reduced. Meaning you use less. Sea-Cal is a complete calcium, phosphorus and mineral supplement, and is meant to be mixed in your supplemental feed.

2018 Annual Convention Benefit Semen Auction

**Saturday, August 4, 2018
7:30 – 8:00pm Central Time
Holiday Inn Fargo
Fargo, ND**

All Sales Sold in American Dollars

Phone Bidding Available!

Auctioneer Services Donated by Mayes Auction Service

NAEBA Semen Benefit Auction Terms and Conditions

All animal information included in this catalog was provided by the consignors. All guarantees are between buyer and seller. Buyer understands they are buying based upon their own opinion and inspection. NAEBA makes no guarantees or warranties for any items in this auction. **Shipping must be requested by buyer within 60 days of the sale.**

Arrangements must be made directly between buyer and consignor for shipment of semen. All expenses for shipping of semen are to be paid by buyer. Cash, check, or credit card will be accepted for payment. All consignments are to be paid for in full upon completion of the auction, no exceptions will be allowed. To arrange phone bidding or to leave a proxy bid, call Travis Lowe at 469-774-4580 to pre-register no later than July 21, 2018. Late registration before the sale can be made by calling at 660-676-7685. Phone bidding can be arranged for specific lots and you will be called when the lot comes up. For questions, please call Travis Lowe at 469-774-4580.

All semen in this auction has been 100% donated to NAEBA, unless otherwise noted.

All lots have two straws donated, the high bidder must purchase both straws. Thank You to all donors and buyers for your continued support of NAEBA and its foundations!

Reg. #A41144

Stud II was bred by Amber Elk Ranch and is sired by Stud who unofficially scored 520" at 5 and 662" at 8. Stud is an Awesome 121 son.

Dam of Stud II (Black 134) is an outstanding cow and goes back to Yoda on the bottom side.

Bull owned by Quiet Harmony Ranch Ltd. Semen drawn by Dr. Martin Wenkoff and available in the U.S. for the 2018 breeding season.

Reg. #A41533

Lot D 2 Straws: TOE Wichita

Consignor: Twin Oaks Elk Farm

Greg & Floy Kenyon Guthrie Center, IA 641-747-3776

Sire: Styx Dam: B124

Introducing TOE Wichita! Son of Styx!

3-year-old 460 typical (unofficial)

2-year-old velvet 17.41 lb. (unofficial)

This bull is one of the largest typical three year old bulls you'll ever see!

Semen collected by Dr. Glen Zebarth. Available in the U.S. for the 2018 breeding season.

Reg. #A38994

Lot E 2 Straws: Chernobull

Consignor: Mohlman Elk Farm

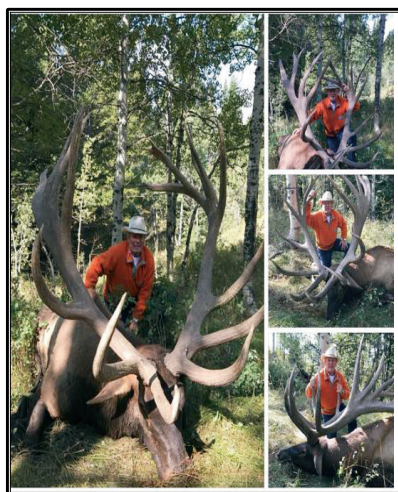

Eric & Kim Mohlman Ayr, NE 402-469-1831

Sire: EUN Tequila Dam: JKP 126 (SHR King 26)

This Tequila son scores 637" in 2017 (unofficial). He has a 7x8 typical main frame that scores 537" (unofficial).

Chernobull won first place at the 2015 NAEBA 4 year old Non-Typical Competition at 500 3/8". He scored 597 3/8" at 5, winning NAEBA's 5-Year-Old Non-Typical Class in 2016.

He is proven to pass on very consistently! He had only two 2-year-old sons in 2017: EMF 571C harvested 20.16 lbs at NAEBA and EMF Nuke scoring over 400" at two (unofficial). Semen has been drawn and tested by Dr. Martin Wenkoff. Semen is available in the U.S. and Canada for the 2018 breeding season. **This lot is a 50/50 split with NAEBA and ERC.**

Reg. #C5756

Consignor: Glen Park Elk Ranch

Barry Chernuka Calmar, AB 780-725-2102

Sire: Levi ASEU 501 Dam: N/A

Tip-Top AGPE 439X is an outstanding typical Levi son that scored 539" typical (unofficial)! He also scored 311" at 2 years of age (unofficial). This bull will be one to watch if you are looking for clean typical genetics. Raisin' Bread on the dam side scored 432 7/8" at 5 and was first place at Alberta Expo in 2003 and 5th at NAEBA. Acceleration and Canadian Elevation are no strangers in this industry. Tip-Top has Reed on both the top and bottom sides of his pedigree.

Semen is available in the U.S. and Canada for the 2018 breeding season.

Reg. #A41937

Lot G 2 Straws: LLE Rebel

Consignor: Luckyland Elk

Mark & Lisa Luedtke Bowlus, MN 320-630-5419

Sire: LLE Zoomer Dam: LLE 815 (GEF Braetak)

CWD Resistant LM Genotype. If you breed with this bull, calves have a 50% chance of getting the L gene!

Rebel stats: 20.57 lb. Velvet @ two, 4th place 2-year-old at NAEBA 2016 competition.

Unofficially scoring 480 2/8" Gross and 433 4/8" Typical at 3 years old; actual inside spread 47 0/8".

His sire, Zoomer, is a son of JKP Apache 061K!

Semen is available in the U.S. for the 2018 breeding season.

Reg. #A37252

Lot H 2 Straws: Challenger 402P

Consignor: Boulder Valley Elk Ranch

Ted & Jill Winters Rome, OH 216-403-0401

Sire: WWA Enforcer Dam: WWA 998 Purple (Leroy)

Challenger 402P, scored 684" at six (unofficial)!

His sire, WWA Enforcer is a dual purpose NAEBA champion and proven producer!

Enforcer is also the sire of TOM 20R (519"@6) and TOM 128R (521"). Enforcer sons of 2007 are scoring over 500" at age 5 (unofficial). Enforcer's 2 yr old grandson scored 383"(unofficial).

Semen is available in the U.S. for the 2018 breeding season.

Reg. #A40944

Lot I 2 Straws: The Toy 151Z

Consignor: 5J's Elk & Taxidermy

Jason Parrish Okeene, OK 580-822-1966

Sire: Cracker Jack Dam: P-018X Toy Kong (KEF Big John 547)

This CrackerJack son is 501" (NAEBA unofficial) at three years old! Cracker Jack genetics have proven to pass on to offspring on many farms. The Toy has already produced several high scoring sons!

The Toy is a NAEBA Certified A.I. Sire!

Excellent semen quality drawn by Dr. Cliff Shipley. Semen is available in the U.S. for the 2018 season.

Reg. #A39258

Lot J 2 Straws: Frisia Leo

Consignor: M.R. Bugle

Ken & Becky Mesaros Cascade, MT 406-866-3618

Sire: Legend' Dam: Valley Gold (SHR King 26)

Leo is a two-time NAEBA International Champion! A Legend son, Leo scored 422 6/8" at four TYPICAL and scored 379 6/8" TYPICAL at three.

Leo comes from the great cow line "Valley Gold" that has also produced Superboy (378 4/8" NT @2) and Frisia Leonard (496 @6 unofficial).

Semen is available in the U.S. for the 2018 season.

AEB Stud pictured above.

1 Straw: AEB Stud: NAEBA Reg. #A42484

Sire: Y121M Awesome Dam: VAL Y158 (Y9L)

Yoda velveted 36.5 lb at 3, winning the NAEBA Velvet Comp. Yoda is a LM Genotype. AEB Stud unofficially scored 662" in velvet in 2016 and scored 615" in 2015 (unofficial). There is limited semen available in U.S. so this is an incredible chance to add these bulls to your breeding program.

Semen is available in the U.S. for the 2018 season.

Reg. #A31285

Lot L 2 Straws: X-Ray

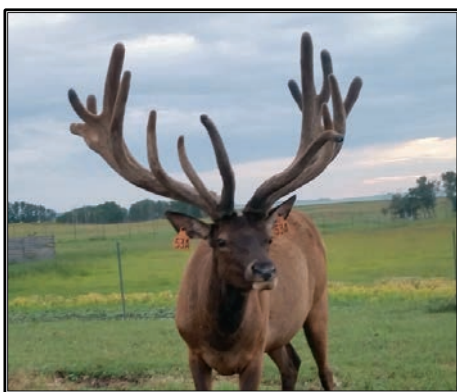

Consignor: Diamond K Ranch

Kim Kafka Havre, MT 406-262-3781

Sire: Iron Bull Dam: Blue 407 (Grey Eagle)

X-Ray was unofficially SCI master measured August 15, 2009 at 514 4/8" non-typical. X-Ray was officially scored at 496" at the 2010 NAEBA International Antler Competition after naturally shedding. X-Ray was unofficially SCI master measured August 21, 2008 at 473 2/8" just out of velvet. X-Ray placed second in the 6 year old Typical class at the 2009 NAEBA International Antler Competition with a score of 448 4/8" after shedding naturally. X-Ray is the sire of LWA Bucci (465" at three unofficial), Splendor's Ray (535"@7 unofficial) and Garmadon (328"@2)!

Semen is available in the U.S. for the 2018 breeding season.

Reg. #C5820

Lot M 2 Straws: GWR Imperius

Consignor: Golden Willow Ranch

Russell & Joanne Gwozdz Clive, AB 403-784-2284

Sire: Levi ASEU 501 Dam: AJRG 13U (Undenyabull)

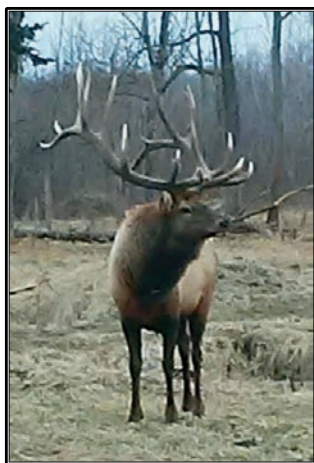

CWD Resistant LM Genotype!

Age 2- 19.2 lb AEC official (NAEBA unofficial)

Age 3- 460" at NAEBA; (500" on head with 52" spread at tips, unofficial)

Age 4- 546" on head with 50" spread at tips (unofficial)

After extensive DNA testing it has been found that Imperius is a Levi son. He has excellent tines, beam circumference and tops. He has excellent disposition and confirmation. Imperius has the potential to exceed 60 lbs of velvet and 600" with over 50" inside spread. Don't wait for these stats, buy now and be ahead of the rest. Call Russell at Golden Willow Ranch for semen and offspring from this excellent Levi son. Semen is available in U.S. and Canada for the 2018 breeding season.
goldenwillowelkproducts.com

Reg. #A39255

Lot N 2 Straws: Frisia Rocket

Consignor: Plateau Valley Elk Ranch

Andy & Julie Azcarraga Collbran, CO 970-253-2453

Sire: RSE Superstar Dam: Frisia Dancer (Legend)

Rocket is a great typical outcross for your herd! He comes from one of the best cow families in the elk industry. Bred by John Kooistra, the bull now resides in Colorado.

Rocket scored 315" typical at 2, 396" at 3 and 456" at 4 in the NAEBA International Antler Competition! The bull would have harvested great velvet.

Rocket is out of the Golden Dawn cow family. His mother is also the dam of Frisia Dan (410" at 2). His maternal grandmother is Golden Dawn herself, who is the dam of Awesome 121 and Frisia Dynasty, both NAEBA International Champions.

Semen was collected by Dr. Zebarth and is available in the U.S. for 2018. There is limited semen available. **This lot is a 50/50 split with NAEBA and AEPF.**

Reg. #A27976

Lot O 2 Straws: SHR Impressive

Consignor: Keeton Elk Farm

Frank Keeton Roachdale, IN 317-286-8019

Sire: SHR King 26 Dam: Impressive Mama 6B (Seven Point)

LL CWD Resistant Genotype!

Impressive had a natural spread of 58" inside with a NAEBA score of 555". Impressive also held the NAEBA typical record for three year olds with a score of 475". Impressive can help any herd that is looking for tine length, spread and 58" beams.

The name says it all... Impressive!

Semen is available in the U.S. and was collected by Dr. Glen Zebarth.

Reg. #C5819

Lot P 2 Straws: Garmadon 687B

Consignor: Glen Park Elk Ranch

Barry Chernuka Calmar, AB 780-725-2102

Sire: X-RAY

Dam: AGPE 448X (Levi ASEU 501)

Garmadon is NAEBA's 2017 two year old Typical champion scoring 328"! Garmadon scored 405" at three (unofficial).

With a clean typical frame like this, his sons will be in demand by the preserves. Along with his production and style comes a strong line of pedigree. His sire is X-Ray (532" SCI master measured, NAEBA unofficial) out of a Levi dam (Levi 575" green), and the grand dam is by Prospect (Prospect 568" Green) (all unofficial). Three generations of sires well over 500". For those looking for an interesting typical bull with background sires in the high 500's, here it is.

Semen is stored at Livestock Reproductive Technologies and is available in Canada and is U.S. exportable. Semen is available in the U.S. and Canada for the 2018 breeding season.

2018 NAEBA ELK MARKETPLACE SALE

August 4, 2018 — 8:15pm Central Time
Holiday Inn Fargo — Fargo, ND

Full Sale Catalog Available Online at www.naelk.org!

Phone Bidding Available! Dial 660-676-7685 before the sale.

All Sales Sold in American Dollars

Auctioneer services donated by Mayes Auction Service

GENERAL SALE INFORMATION

For-Profit Semen Consignments:

\$100 consignment fee per lot. The \$100 fee will go towards NAEBA's 8% commission. All sellers agree that an 8% commission on the final sale price will be deducted from the final payment they receive from NAEBA.

Live Animal Consignments:

There is \$250 per live animal consignment fee with no commission. For example, the consignment fee for one trophy bull is \$250. A consignment fee for a package of three trophy bulls sold in one lot will be \$750.

Buyers will pay NAEBA in full at the close of the auction, unless the seller states other terms. Payments will be accepted by cash, check or credit card.

Sellers will receive full payment within 15 business days after the sale date.

Any terms between seller and buyer for payment schedule is strictly between those two parties and NAEBA makes no guarantees of payment if full payment is not required at sale time.

All sales are final. All elk are sold "AS IS". There is no guarantee of any kind as to soundness, condition or quality of any elk sold in this sale, except in the case where the owner makes a specific guarantee. In such case the guarantee is strictly by the owner and not by sales management.

All buyers must register for the sale and agree to the terms of sale. Upon which time, they will receive a bidding number.

Sale management, auctioneers, NAEBA and NAEBA representatives act as agents for the sellers, but assume no liability for either buyer or seller. Any representations made by the sales management are on behalf of the seller.

Each lot of animal(s) will be sold to the highest bidder. The

auctioneer reserves the right to accept or reject any bid and in all cases of dispute the auctioneer's decision is final.

Every effort has been made to ensure correctness of the catalogue, however, owners, auctioneers and agents will assume no responsibility for errors or omissions and assume no liability as to any statements, either written or verbal, regarding any elk sold other than the information was given "in good faith".

Any known correction will be made at sale time and will take precedence over the catalogue. Buyers are encouraged to contact consignors directly for full details of animals.

The Seller agrees to board animals over 1 year of age for 30 days after the sale and calves for 90 days after the sale. After the above time length, boarding is negotiable between buyer and seller and NAEBA is not responsible for any additional boarding agreements between buyer and seller.

All arrangements for the physical transfer of the animal(s), their care, responsibility of and liability for them is to be arranged privately between the buyer and the seller. We recommend the buyer purchase insurance. All transportation costs are the responsibility of the buyer, unless other arrangements are made between the buyer and the seller.

All NAEBA registration transfers are the responsibility of the seller and are to be completed within 30 days after the sale.

All buyers agree to be bound by the above terms as well as any other conditions announced by the auctioneer. Each buyer agrees to be responsible for all charges to them. If any check given to NAEBA is not honored for any reason, it is understood that such amounts will remain outstanding and no transfer of ownership will occur until full acceptable payment is made. The buyer issuing the check or credit card may face civil and/or criminal liability.

TROPHY BULL CONSIGNMENTS ACCEPTED UNTIL JULY 23RD!

Live Animal Consignments:

- There is \$250 per live animal consignment fee with no commission. For example, the consignment fee for one trophy bull is \$250. A consignment fee for a package of three trophy bulls sold in one lot is \$750.

Trophy Stock:

- Scores will be listed as unofficial and should be in a range of 10 inches. NAEBA does not guarantee any score, whatsoever. Any disputes are between buyer and seller.
- Trophy bulls may be consigned until July 23, 2018.
