

Big Clean Typical 9x8 6YR Old

Unofficial Score 510 5/8"
63" and 61" Beams

Congratulations to Eric & Kim Mohlman for purchasing 50% ownership of Silver Star.

Semen sales will be available in Canada & U.S. in 2019

If the market changes, the demand for big typical will stay strong. Long beams, good clean tyne placement, *Silver Star* is a solid choice for your future genetics.
